

This is outrageous! Sinclair Broadcasting's decision to force their stations to air a Kerry smear film just days before the election is a clear example of the dangers of media consolidation. It cannot be permitted!

I thought that public airwaves are obligated by law to serve the public interest. So ... exactly how is broadcasting a pack of lies and smearing a presidential candidate in a close election serving the interests of the people?

Please help. This travesty cannot be allowed to occur. The license renewal process needs to involve more than a returned postcard. Thank you.
